

DIRECTOR

OF THE
RESEARCH AND INNOVATION
CENTRE (CRI),
FONDAZIONE EDMUND MACH,
ITALY

The Fondazione Edmund Mach (FEM), located near Trento, Italy, with an excellent international reputation in the agricultural, food, and environmental sciences, is seeking a motivated and **talented candidate for the position of Director** of its Research and Innovation Centre (CRI).

The CRI has 21 research units, more than 180 headcount and with a yearly budget of Euro 24 million. Specific information on its research activities and scientific output can be found at <https://cri.fmach.it/en>.

The CRI Director will consolidate and expand our research programme, reinforce the international cooperation with our network of academic institutions and industry stakeholders, and further strengthen the innovation strategy of the Foundation.

Duration and salary

This position is offered as a three-year, renewable, fixed-term contract with an annual salary of €125,000.00 including a €15,000.00 variable bonus based on performance. Accommodation possibility near the Foundation for up to yearly €7,000.00.

Application process

Applications are to be sent to curricula@fmach.it, including a *curriculum vitae* and the application forms (Annex A and Annex B) available on our website. All submissions will be kept strictly confidential.

The deadline for applications is January 20, 2024.

A detailed profile of the position and additional information regarding the recruiting process are available only in Italian at <https://fmach.it/en/Work-with-us>
