	- Being in compliance with any obligations for military service; - In the event of recruitment, being available to take service at Edmund Mach Foundation premises.
Physical suitability for the specific work	Edmund Mach Foundation will assess the specific risks connected to the work, and if necessary request a preventive medical examination, pursuant to art. 41 of Legislative Decree 81/2008, in order to ascertain the physical suitability of the employee and absence of contraindications to the work for which they are to be employed. In case of physical unsuitability or suitability with limitations, the Foundation reserves the right not to proceed with recruitment or to withdraw from the contract if it has already been entered into.
Exclusion from the recruitment process	The following may not participate in the recruitment process: temporary staff who have been employed for the Foundation in an equivalent.
Job description	The position is funded within the Horizon Europe project “FRUITDIV” and focuses on the generation, integration, and analysis of genomic and multi-omics data from fruit tree species and their crop wild relatives (CWR). The position will involve active collaboration with international partners, contributing to high-quality genome assemblies, pangenome construction, and the development of integrated data resources to support breeding and genetic improvement programs. The successful candidate is expected to interact closely with other work packages (WPs) and international partners to ensure data harmonisation, sharing, and cross-species integration within the FRUITDIV framework, demonstrating strong communication and problem-solving skills, and the ability to work effectively in a multidisciplinary research environment.
Duties	The postdoctoral researcher will contribute to Work Package 4 – “Integrated multiomics resources for data analysis, visualisation and sharing” within the FRUITDIV project, under the supervision of the WP leader at FEM. Main duties and responsibilities include: - Contributing to the generation, processing, and curation of genomic and transcriptomic datasets from fruit tree species and their crop wild relatives (CWRs); - Participating in high-quality genome assembly and pangenome construction for selected taxa (e.g., Malus); - Developing and/or applying bioinformatics pipelines for data annotation, integration, and visualisation, following FAIR data principles; - Performing comparative genomics and multi-omics analyses to identify key traits of agronomic interest and genetic diversity within and across taxa; - Collaborating with other WPs and project partners to ensure interoperability of datasets and support downstream analyses (e.g. GWAS, GEA, functional annotation); - Preparing project deliverables, scientific reports, and peer-reviewed publications in collaboration with the WP leader and the FRUITDIV consortium.
Keywords	Genomics; Pangenome; Bioinformatics; Fruit tree breeding; Crop wild relatives (CWR); Multi-omics data integration; Genome assembly; Plant biotechnology; Data management; Horizon Europe.
Selection process	By qualifications as expressed in Annex A (maximum 30 points) and interview (maximum 70 points). The results of the selection are based on the sum of the points awarded for the two phases of the selection process.

Assessment of qualifications	Based exclusively on information provided in the application (Annex A), FEM will evaluate and select up to 20 candidates to be admitted for the interview. Candidates will be assessed according to the following criteria (maximum 30 points): - Relevance of the PhD thesis to genomics and the genetic improvement of fruit trees. Higher scores will be awarded for research closely related to the genetics and genomics of Rosaceae (maximum 5 points: 0=no match, 1=minimal match, 2.5=medium match, 5=perfect match); - Postdoctoral experience in the analysis of genetic and omics data in fruit trees (0.3 points for each month of experience, up to a maximum of 10 points); - Scientific publications in peer-reviewed journals with an impact factor in the field of genetics, plant molecular biology, genomics, or plant biotechnology (0.5 points per publication, up to a maximum of 10 points - the score of each publication will be doubled if the candidate is the first, last or corresponding author); - Oral presentation as presenting author at scientific conferences in the field of genetics, molecular plant molecular biology, genomics, or plant biotechnology (0.5 points each, up to a maximum of 5 points).
Subjects covered in the interview	Candidates will give a 5-minute slide presentation in English (PowerPoint, Slide, Impress or PDF) summarizing their education, relevant experience with omics, genomics, and breeding projects, and research aspirations. During the interview, which will be conducted in English, the following knowledge will be verified (maximum of 70 points): - Analysis and integration of omics data, including statistical methods and computational pipelines (maximum of 20 points); - Genome assembly strategies and pangenome construction (maximum of 10 points); - Introgression of novel genes to improve fruit quality and resilience to biotic and abiotic stresses in fruit trees (maximum 20 points); - Strategies and tools for accelerating breeding in fruit tree crops (maximum of 15 points); - Knowledge of the activities and organisation of Fondazione Edmund Mach (maximum of 5 points). In the interview, the candidate must achieve a minimum score of 45/70 points.
Knowledge level of languages, relative to the Common European Framework (CEFR), and method of verification	The interview will be in English. Knowledge of English will be verified (to be checked by an interview on a technical or scientific nature) at a minimum level corresponding to B2. <i>To understand the levels of knowledge required, consult the dedicated page on the EUROPASS website:</i> https://www.coe.int/en/web/common-european-framework-reference-languages Failure to possess a level of English corresponding to B2 will result in exclusion from the selection process.
Possession of requirements and recourse to clarification	The candidate must meet all the requirements and qualifications laid out, on the closing date for submitting applications as stated in the public announcement, as well as on the date of recruitment and placement. Candidates are in any case required to promptly inform the Foundation of any change in the data declared in the application for participation in the public notice. Failure to meet the specific and general requirements will result in exclusion from the selection process. The Foundation reserves the right to verify the above requirements and may at any time terminate the selection process for a candidate who does not meet them. Should the verification reveal inconsistencies, doubts or uncertainties, the Foundation also reserves the right to request further clarifications and/or documents to be produced, within the peremptory deadline indicated by the Foundation. The assessment of the possession of requirements and evaluation of qualifications is based exclusively on the information declared in the application form (Annex A).

Modality and deadlines for communication to candidates of the dates and locations of the interview	All communications to candidates will take place via email to the contact used to send the application (Annex A) and <i>curriculum vitae</i> and indicated in the appropriate space of the application. Those admitted to the tests (written test and/or practical test and/or interview) will be informed of the date and location via e-mail (<u>not by certified email, a.k.a. PEC</u>), sent to the contact address used to send the application (Annex A) and <i>curriculum vitae</i> at least 10 days before the chosen date (unless the date and place are not already indicated in the notice). The tests will be held at the Edmund Mach Foundation in San Michele all'Adige (Province of Trento, Italy) or in videoconference. Each admitted candidate must attend the interview, where they must present a valid photographic identification document, or if held in remote videoconferencing, the document must be presented in advance. Failure to present candidates at the recruiting site or to connect via remote video conference or late arrival not accepted by the Commission will result in their exclusion from the selection.
Gross annual remuneration	Provincial Collective Contract for Personnel of Research Foundations (https://trasparenza.fmach.it/Amministrazione-Trasparente/Personale/Contrattazione-collettiva/CCPL-Personale-Fondazioni-di-Ricerca), Third Level Researcher, current gross remuneration of Euro 44.087,26, including 13th and 14th month's pay.
Deadline for presentation of applications and recruitment process end date.	Applications must arrive by and no later than 23:59 CET (the date and time of receipt shown in the electronic mail account of the Foundation shall be valid) on November 26, 2025. The recruitment procedure will terminate at the latest by May 26, 2026.
How to present applications	Applications to participate in the selection must be sent in electronic format to the email address (not certified email address, a.k.a. PEC) curricula@fmach.it, indicating the recruitment code (402_CRI_FDV – Temporary R3 fruit trees) in the subject of the message and must consist of: - the application form (Annex A), as per the model available on the webpage announcement, which must be saved with the file name and extension: Surname First Name_Application.pdf. The application must be fully completed, without any reference to other attached documentation and/or information; - the candidate's curriculum vitae, saved with the file name and extension as follows: Surname First Name_CV.doc or .pdf; - a copy of a valid identity document. Any person encountering difficulty in submitting the application due to disability is invited to contact +39 0461 615542. In the application form (Annex A) the candidate must declare any marriage, cohabitation or family relationship up to the fourth degree with employees, ongoing consultants, directors, members of the supervisory bodies of the Foundation. This requirement ensures maximum transparency in the recruitment process and avoids situations of potential conflict, such as, for example, direct or indirect reporting in the same organisational structure between persons who have such relationships. In the application form (Annex A) the candidate must declare, under their own personal responsibility, the possession of the specific requirements, general requirements and any qualifications as indicated in the relative boxes of this Recruitment Announcement, pursuant to Articles 46 and 47 of Presidential decree no. 445 of 28 December 2000, indicating awareness of the forfeiture of any benefits obtained and the criminal sanctions provided for respectively in Articles 75 and 76 of the aforementioned decree, in the case of untrue declarations, creation or use of false documents. Model of Organization, Management and Control (MOG) and Plan for Prevention of Corruption and Transparency (PPCT)	With resolution of the Board of Directors of FEM n. 1 dated 26/05/2015, the Model of Organization, Management and Control (MOG) was adopted on the basis of d.lgs. 231/2001 (regulation of the administrative liability of legal persons, companies and associations even without legal personality, according to Article 11 of the law 29 September 2000, n. 300) integrated with the relevance of the offences considered by Law 190/2012 (provisions for the prevention and prosecution of corruption and illegality in public administration). The Organization and Management Model (MOG) is a set of behavioural rules calibrated on the criminal risk that characterizes the entity or functions it consists of and must provide the measures to ensure the conduct of business in compliance with the law, Identifying and removing risk situations in a timely manner. The system also provides for the establishment of an internal control body at the institution with the task of monitoring the operation and compliance with the model and ensuring its updating. The Corruption Prevention and Transparency Plan (PPCT) complements the Model ex d.lgs. 231/2001 with measures aimed at preventing also the phenomena of corruption and illegality in coherence with the aims of the L. 190/2012.
Regulation FEM Code of Values and Behaviour	The Code of Values and Behaviour sets out the Foundation's reference values and defines the resulting behaviour to be followed by the recipients, directors, auditors, members of other statutory bodies of the Foundation, Employees, project staff and employees of other private entities made available to the Foundation. It also calls for a system of sanctions for behaviour in breach of the rules of the Code.
Privacy Policy	In accordance with Article 13 of the EU General Data Protection Regulation 2016/679 ("GDPR" or "Regulation"), and in general with the principle of transparency set out in the Regulation, the Edmund Mach Foundation provides information on the processing of personal data at the webpage "Privacy Policy". The candidate takes full responsibility for all the information included in their application form and curriculum vitae. The Foundation reserves the right to require that the candidate considered suitable for the post shall offer documentary proof of the qualifications they have listed.

This Recruiting Announcement is issued in compliance with equal opportunities between men and women for access to employment, pursuant to Legislative decree no. 198 of 11 April 2006 "Code of equal opportunities between men and women, pursuant to Article 6 of Law no. 246 of 28 November 2005".
